This program is designed to provide information of value to superintendents, foremen, supervisors, safety directors, training directors, project managers, field engineers, estimators or anyone who works on a construction jobsite.

Participants will be able to identify, and then avoid, reduce or eliminate job hazards. In addition, they will become more familiar with OSHA/MIOSHA standards, recordkeeping requirements and MIOSHA/OSHA enforcement procedures.

Upon successful completion, attendees will receive a federal 'OSHA 30' Hour course card **that is accepted in Michigan and all states across the country.**

Instructor, Rick Mee, is an authorized OSHA Outreach Instructor with over 40 years of construction experience —32 of those years have been in MIOSHA construction compliance. Several guest safety and health professionals will be assisting Mr. Mee by providing additional information on specific topics.
