

## NEWS RELEASE

### **\$51,000 in Scholarships Awarded by Leading Construction Trade Association**

**Lansing, Mich., May 3, 2022** – The Associated General Contractors (AGC) of Michigan today announced the winners of scholarships for students studying civil engineering or construction management in Michigan colleges and universities.

“The construction field like many other disciplines needs capable young men and women to meet the industry’s demands of the future,” said AGC Chairman Sam Clark (Clark Construction). “As the state’s leading commercial construction association, AGC is proud to offer these scholarships to deserving students working toward construction-related degrees.”

Since 1984, AGC of Michigan Educational Endowment Fund has raised money to provide scholarships for Michigan students in construction programs. Scholarships are awarded annually to students from universities throughout the state.
